Make it Your Own: Hand Painted Fabric

3 day class

Materials fee: \$20.00

What makes your art unique??? Your design of course, but when you create the fabric to make that design, the entire piece of work is your own. This class starts at the beginning with making your own fabric using non-toxic fabric paint. From the background to mark making we will explore a wide variety of fabrics, tools and techniques to incorporate into your next original design.

Supply List

Wear old clothes and shoes and be prepared to have FUN

- Bring note paper and pencil
- 4-5 13 gallon trash bags.
- Any fabric you would like to play with besides what I will supply. This can be a light colored fabric of most any type, its ok if it has a pattern on it. Surgical gloves or other rubber gloves.
- Black Sharpie pen.
- Scissors.
- 2-3 sheets of foam core board about 20" x 30", covered with smooth white contact paper.
- Several foam brushes or cheap natural fiber brushes. I use the 2" size the most.
- Spray bottle.
- Larger plastic containers 2-3. Cool Whip size containers or larger.
- Small plastic containers 5-6. Yogurt or small deli containers are good.
- Old rags or paper towels.
- Blue masking tape (from hardware) if you have it on hand, don't go out and buy it.
- Hair dryer (if you have an old one). Again, don't go buy and extra hair dryer.

I will supply fabric, paint, and other supplies for this class.
